

Our Proposal

Proposed Site Plan

A local community facility

The site would deliver a new Aldi food store with a net sales area of 1,332m², alongside 125 car parking spaces including, dedicated disabled and parent & child bays, motorcycle and cycle parking as well as electric vehicle charging points.

The proposed store would stock the same range of high-quality, award-winning products found at other Aldi stores. The proposed floor space would mainly be for food goods, with a smaller range of non-food products, alongside servicing and staff areas.

Our proposal for the Gemini Retail Park offers:

- A new, modestly sized Aldi food store with a sales area of 1,332m² including an external lobby
- Around 40 new local full and part-time jobs for the new Aldi store, paid at Aldi's industry-leading rate, above the National Living Wage
- Free customer parking for 125 cars, including eight disabled bays, nine parent-and-child spaces, 14 covered cycle spaces, six motorcycle spaces and two electric charge points for four electric spaces/cars
- Entrance in and out of site from the existing access point on Europa Boulevard and pedestrian paths
- A new store in a convenient location which would reduce the need for customers to travel further afield
- Additional employment opportunities provided during construction and in the supply chain
- Attractive landscaping around the site to enhance its appearance
