

A New Aldi food store for Lower Gornal

CGI of the proposed store

Improved choice for Lower Gornal

As customers continue to look for better-value brands to help make their money go further, it is important that residents have access to a wide range of shopping facilities.

Aldi is well known for selling a variety of high-quality products at discounted prices. Our customers save between 30% and 40% on their shopping without compromising on quality, with everyday items available at low prices.

With our nearest stores over two miles away in Kingswinford and Dudley, many Aldi shoppers are currently travelling out of Lower Gornal to complete their grocery shop. A new Aldi food store for Lower Gornal would cut down travel times and traffic movements and help keep spending within the local area.

Welcome to our exhibition

Aldi, the award-winning discount food retailer, is bringing forward a proposal to redevelop land on Zoar Street in Lower Gornal with a new, high-quality food store. The plans also propose a new pharmacy to replace the existing Egginton JT Ltd. store at the site.

The scheme would provide an attractive, modern Aldi food store in a convenient and accessible location for the residents of Lower Gornal, improving customer choice and reducing travel times. The scheme would employ around 40 - 50 local people at the store, with further job opportunities via construction and the supply chain.

Aldi is looking to submit a planning application to Dudley Council in June 2020.

We look forward to hearing your thoughts and feedback on our proposals.

Thank you for visiting our virtual public exhibition today. If you have any further comments, queries or questions, please feel free to get in touch by emailing feedback@consultation-online.co.uk or calling the freephone information line on **0800 298 7040**.
