

Our Proposal

A new Aldi food store

The site would deliver a new Aldi food store with a net sales area of 1,315m², alongside car and cycle parking.

The proposed store would stock the same range of high-quality, award-winning products found at other Aldi stores.

The proposed floor space would mainly be for food goods, with a smaller range of non-food products, alongside servicing and staff areas.

Our proposal for Lower Gornal offers:

- A new, modestly sized Aldi food store with a sales area of 1,315m²
- Free customer parking with 115 spaces including six accessible, six parent-and-child and two electric vehicle charging bays

- Access in and out of the site via Zoar Street
- A new pharmacy building to replace the existing Egginton JT Ltd. store
- A new store in a convenient location which would reduce the need for customers to travel further afield
- Creating around 40 - 50 new jobs which will be paid at Aldi's industry-leading rate, above the National Living Wage
- Additional employment opportunities provided during construction and the supply chain
- Attractive landscaping around the site to enhance its appearance
