

A New Aldi food store for Leamington Spa

CGI of the proposed store

Welcome to our virtual exhibition

Aldi, the award-winning discount food retailer, is bringing forward a proposal to redevelop land occupied by the former Mothercare store at Shires Retail Park with a new store to replace the existing one.

The scheme would provide an attractive, modern Aldi food store in a convenient and accessible location for the residents of Leamington Spa, adjacent to where our current store is, which is unable to meet the demands of customers. The scheme would create additional jobs in addition to those employed at our existing store, with further job opportunities via construction and the supply chain.

Aldi is looking to submit a planning application to Warwick District Council in the coming weeks. We look forward to hearing your thoughts and feedback on our proposals.

Thank you for visiting our virtual public exhibition today. If you have any further comments, queries or questions, please feel free to get in touch by emailing feedback@consultation-online.co.uk or calling the freephone information line on **0800 298 7040**.

Meeting local demand in Leamington Spa

As customers continue to look for better-value brands to help make their money go further, it is important that residents have access to a wide range of shopping facilities.

Aldi is well known for selling a variety of high-quality products at discounted prices. Our customers save between 30% and 40% on their shopping without compromising on quality, with everyday items available at low prices.

Our current Leamington Spa store has served the area well with a large number of Leamington Spa residents using it to meet their weekly food shopping needs. However, our current store is no longer sufficient to sustain demand of customers.
