

Our Proposal

Site plan

Our proposal for Mere Green represents:

- A £5m+ investment into the local economy
- Regeneration of a brownfield site
- A brand-new Aldi food store with a net sales area of 1,315sq m
- 98 car parking spaces at the store including six accessible, six parent & child and four electric vehicle charging bays
- Free car parking at the store for up to 90 minutes
- Creation of 30-50 new jobs and additional employment opportunities throughout construction of the store and through the supply chain
- Attractive landscaping incorporated around the site to enhance its appearance

The UK's lowest priced supermarket

Research released by Which? showed that Aldi was the cheapest supermarket for a basket of 20 essential items throughout April 2021.

Sainsbury's and Tesco were 14% and 15% more expensive than the same shop at Aldi.

A new store here in Mere Green would provide local people with award winning, high-quality produce at great value prices.

Investing in the community

This multi-million-pound investment will provide Mere Green with a new food store that could encourage and support existing businesses on this side of the high street.

Aldi seeks to make a positive contribution to the places it calls home, investing in people, local charities and organisations, putting Aldi firmly at the heart of the community.
