

A New Aldi food store for Southam

CGI of the proposed store

Welcome to our virtual exhibition

Aldi, the award-winning discount food retailer, is bringing forward proposals to redevelop land adjacent to Galanos House on the A423 in Southam with a new, high-quality food store.

The scheme would provide an attractive, modern Aldi food store in a convenient and accessible location for the residents of Southam, improving customer choice and reducing travel times.

The proposed store would employ around 40 - 50 local people at the store, with further job opportunities supported via construction and through the supply chain.

Thank you for visiting our virtual public exhibition today. If you have any further comments, queries, or questions, please feel free to get in touch by emailing feedback@consultation-online.co.uk or calling the freephone information line on **0800 298 7040**.

We look forward to hearing your thoughts and feedback on our proposals.

Improved choice for Southam

As customers continue to look for better-value brands to help make their money go further, it is important that residents have access to a wide range of shopping facilities.

Aldi is well known for selling a variety of high-quality products at discounted prices. Our customers can save 19% on their shopping without compromising on quality, with everyday items available at low prices.

With our nearest stores nearly eight miles away in Royal Leamington Spa and almost 10 miles away in Coventry, many Aldi shoppers are currently travelling out of Southam to complete their grocery shop.

A new Aldi food store for Southam would cut down travel times and help to keep spending within the local area.
